

Our Vision

To be the security company of choice for corporate and domestic clients in East Africa.

Sentinel Group is fast proving to be the company of choice for Corporate and Domestic Clients and is becoming the market leader in providing premium security barriers in the region.

Our Mission

Our mission is to protect life.

Sentinel Group protects lives by providing simple safe zones within the family home to comprehensive physical security solutions for international businesses and government facilities.

What We Do

We're focused on physical security requirements for domestic and corporate clients.

Sentinel Group only provides premium, turn-key products that are internationally recognised, with accredited testing & certification. Installation is undertaken by fully-trained, professional teams who seek to install premium security solutions while minimising disruption to daily business.
